

Good morning team,

Please see below:

- ✓ **Every Tuesdays we need a call observation and recommendation.** Example Observation: CCR clicked on send codes OTA and the codes were not sent. Example Recommendation: Modify TF# 64 to remove first step because send codes OTA does not work.
- ✓ Please check external calls belonging to you in case of dispute. If you found a dispute, please contact Marcos or myself.
- ✓ We need action plans on your behalf on what you can do to improve your QA Scores. Please include what you need from us.

This is how we did last week as a call center and amongst the other centers. We are currently on the bottom 3 positions.
