

Good morning team, I want to take this opportunity to give many thanks to everyone who helped Belize's QA Average increase. Remember that we can only improve with your help. At the end of the week I will post our closing average. At the moment we are at **89.11**.

Below are the agents that will be evaluated this coming week; don't forget that **Corporate normally grades agents outside the list** provided to us.

Please remain focused to do your utmost best in your external and internal QA score. Once again, thank you for all your efforts.

Have a great day!
